

eeB gnillepS fo tcejbuS eht n0

Turn me on, dead man.

Pressing the play button at the top of the module will cause a reversed audio sample of a spoken word to be played.

You will then have two minutes to identify the word from the list below, enter it **from right to left** using the keyboard, and submit it.

You can play the audio as many times as needed within the two minute time limit.

Submitting anything other than expected word or allowing time to run out will result in a strike and the module resetting.

Accommodation	Acquiesce	Antediluvian	Appoggiatura	Autochthonous
